# Thank You

The students of Pittsfield High School would like to thank Colonel J. Frank Drake for his interest in our school, education, and future. His many contributions to the young people of Pittsfield will long be remembered.

# Administration

John Dewey in his essay "My Pedagogic Creed" wrote in 1897: "The only possible adjustment which we can give to the child under existing conditions is that which arises through putting him in complete possession of all powers." This thought may still be pertinent today.

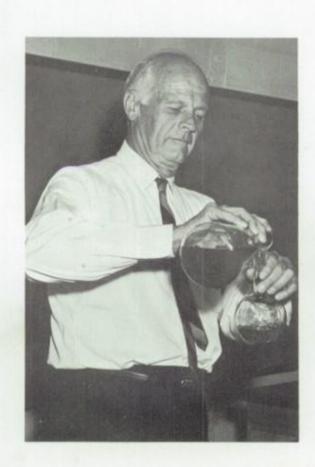

The future of civilization will depend on an adequate supply of good enlightened people, of which there are never too many. It has been suggested that perhaps a good way to get it is to put all children in complete possession of all their powers.

With this in mind, can you, the graduating seniors of Pittsfield High School, understand that your schooling thus far may have qualified you, to a degree at least, to participate in determining the future of civilization? If this is so, then your parents, your school administrators, and your teachers can feel justly proud.

I happily join with the other members of the Board of Education in wishing each of you a successful and happy future.

Roland F. Charron, Chairman Pittsfield School Board

Four years ago when I came to Pittsfield to be your High School Principal, you were entering as Freshmen.

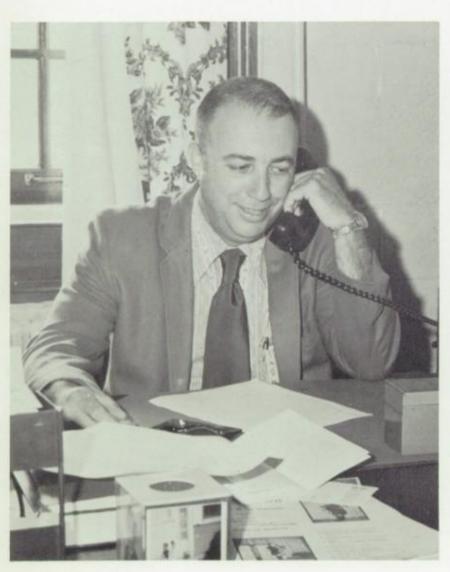

I have had the pleasure of watching you progress throughout these years.

Now that you are graduating, more challenges await you. We can only hope that we have helped you in adjusting to life's many challenges so that you, the future leaders of this world, will make the right decisions in helping mankind to live in peace and harmony.

At this time I want to congratulate you on your many accomplishments and wish you success and happiness in the future.

Antonio G. Paradis Principal

In the Annual Report to the Board of Overseers, Harvard University, James Bryant Conant wrote:

"The primary concern of American education today is not the development of the appreciation of the "good life" in young gentlemen born to the purple... Our purpose is to cultivate in the largest possible number of our future citizens an appreciation of both the responsibilities and the benefits which come to them because they are Americans and are free."

I hope you have learned your lessons well at PHS because they will have a lifelong meaning.

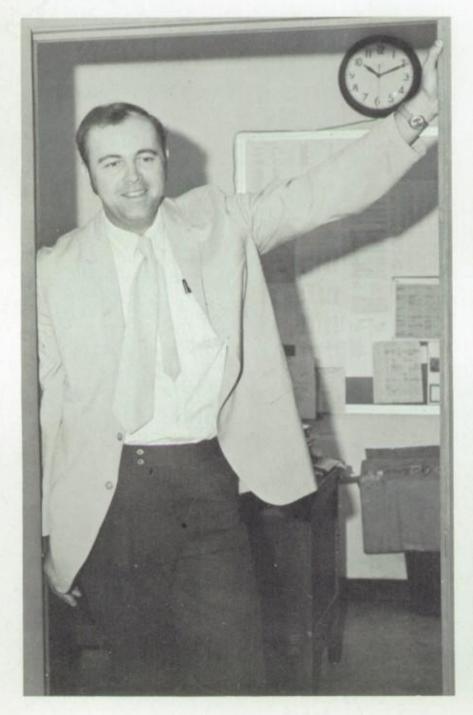

I wish each of you a very rewarding and successful future.

William Johnstone Assistant Principal

## Guidance

The path of education is one of great length. It is a path which you have followed since you first entered school. Many doors have opened for you during your years in school, and there are many more which will challenge you in the years ahead.

Your four years of high school should serve as guidelines - guidelines which help you go forward in life. The ability to make decisions on your own and accept the results of your efforts is something you acquire as you travel along the educational path. It is my hope that you use your education to make a better way of life and find personal satisfaction in whatever you do in the years to come.

## Class History

In September of 1969, we, the graduating class of '73, began a journey which we will long remember. There to greet us on our first day as "Itty Bitty Freshmen" were many new faces belonging to our peers and to our superiors. Standing out among them, the first that we were to meet formally was our new principal, Mr. Paradis. As we all assembled in the gym and listened to his talk, we knew, "we'd only just begun." A short speech, and off we went to our classes, scared almost to death. Shortly, though, it had all become routine; well, almost all of it. Classes like Algebra kept us on our toes and made it seem as though we'd never make it through the year. Obviously, though, we did. Mr. Costa's English class stands out in our minds as a most rewarding experience! The events which took place at Kent State that year were shocking to us little Freshmen. To think things like that really happened at college campuses, the direction in which some of us were headed. Let's not forget the bomb scare of '69, either. That started out high school careers with a real bang. Well, June crawled in like a kitten, and school was out for the summer.

Two months later, and back we came as "Silly Sophomores" to P.H.S. and to the election of student council officers by the ticket system. It was a new idea at our school, and it worked out quite well. Through the continuous efforts of those newly-elected officers, a plan was worked out that only college track students would be taking mid-terms and writing terms papers in place of finals. For some it was a blessing; for others a complete disaster! Wasn't that the year of the maxi-skirt and the HOT pants? Also new that year were the trampoline and the horizontal bar, the Coke machine, and Senior lounge. Didn't that Senior privilege make "our" Senior year seem decades away? With the abolishment of the dress code, we could now "come as we were." The basketball team had an off year when we were Sophomores. Their final standing was 1 and 17. After the game that they won, one of the boys said, "We didn't mean to." It was that year that we ordered our class rings, and the idea that we would one day be Seniors was instilled within us. Don't forget Biology class and the trip to White's Pond. Remember, girls, the boys caught the frogs and the bushes caught your stockings. "Holy Cow, what a class!" Well, so much for our Sophomore days. It was June; school came to a close once again, and we had two months to turn into Juniors.

In came September; and in we came, back to school and back to homework. There was something about that year, though. We had a feeling that it was going to be the best one ever. We had a new library with many new books, wall to wall carpeting, and a new librarian. What a beautiful place to get kicked out of! There was a book drive that year, which was a huge success. In one day, through the combined efforts of all the classes, the library was filled to capacity, and then some. The book store opened and serviced many needy students. For only 5¢ you could buy a pencil and save yourself a trip to the office for coming to Miss Shipley's class un-

equipped. Our Commander-in-Chief, President Nixon, took a trip to China in the fall of our Junior year, and shortly after he went to Moscow. These were indeed important steps in world peace and harmony. Our Junior year was a great one, filled with many happy memories, but all good things must come to an end, and thus did that year.

It seemed all too soon, but before we knew it September was upon us again, and school had reopened. We left our summer jobs and summer fun and came back to our "Super Senior" year. Big changes took place that year, including such things as the 18-year-old vote. Those of us who were 18 could vote on national and local matters. Some even voted in the election which re-elected President Nixon in November of 1972. In January of this year, the Peace Treaty was signed, and the Viet Nam War came to an end. February saw the coming home of many United States POW's, some home for the first time in seven years. The deaths of Harry Truman and Lyndon Johnson, which happened within two months of each other, left our country with no expresidents. A very successful last Apollo flight went up in December of that year. Let's not forget the Olympics in Munich, Germany, and the seven gold medals won by Mark Spitz, the skating ability of Janet Lynn, and that basketball game between the U.S. and Russia; all caused much talk in the days to follow. Also, happening at the same time and place was the Arab Terrorist movement, which dampened the spirits of all those involved in and those watching the 1972 Olympics. Local sports were fantastic that year too. Our J.V. basketball team had a 17 and 1 record - this time it was 17 wins and 1 loss, though! The girls' Varsity made it to the tournaments, but was defeated in the semi-finals by Interlakes, ending their season with a 13 and 3 record. The boys' Varsity team went to the quarter-finals, but was defeated by Woodsville, leaving them with a 12 and 8 record. Field Hockey was introduced in the fall of our Senior year and modern dance in the mid-winter. Both were enjoyed by the girls who participated in them. Throughout the years many new faces appeared in the halls, and some old ones left us. It must have been, however, the first year that a chicken was seen running around the hallway before 1st period class. I wonder if Mr. Johnstone asked her, "Where are you supposed to be?"

The rest, well, that all followed as we had expected it would. Grades came out for the final time; we signed yearbooks and more yearbooks. We practiced that long-awaited march, hour after hour. Then it came, that day we'd all dreamed of - Graduation Day. In we marched, sat, listened, and then received our diplomas. This was, no doubt, a very serious moment for all of us. Some of us cried, yet some laughed, perhaps to hide their true feelings. Still, what better way could it all end? Many times throughout our lives we will look back on those days with happy hearts, tears of joy and tears of sadness. Let us never forget, however, that we, the Graduating class of 1973, was as we saw it anyway, the best class ever to come through the doors of Pittsfield High School.

## Varsity

The Panthers had another successful season in 1972-73, with an 11-7 record and ninth place in Class M. The highlight of the season came at home against #3 Inter-Lakes when the Panthers avenged an earlier loss to the Lakers with a thrilling 58-46 win. Jeff Jones and Jim Elliott led a total of nine players who saw action regularly throughout the season. Jones, the greatest player in the school's history, smashed the career scoring record with 1263 points. His 23.9 average and 507 points this year not only set two more school records, but were also highest in Class M. Sophomores Doog and Jack and freshman Tommy Gun were all starters. Basketball has a great present and future at P.H.S.

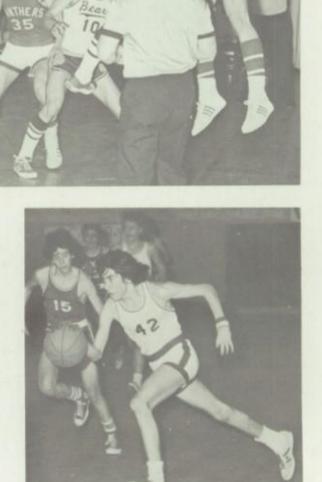

## Jayvee

The 1972-73 Mini-Panther basketball season was the greatest ever. The Mini-P's started their season with a bang by winning their first fifteen games before losing to Oyster River. The team finished with an outstanding 17-1 record and easily won the trophy as the #1 team in the Central League; the first of many we hope. The Mini-P's also set new records for offensive and defensive averages, which were the best in Class M. Congratulations to a very fine team!

The girls' team finished with the best record ever in the school with 12 wins and 2 losses. The season also saw the girls play for the first time in

the state tournament, advancing to the semi-finals and for the second year in a row, we were the only team to defeat Interlakes, the eventual champion.

Linda Finnegan (172 pts.) and Chris Comeau (135 pts.) led the team to its highest offensive output ever, as we scored an average of 40.3 points per game. Senior centers Judi Carpenter and Mel Tasker also contributed greatly, as they scored a combined total of 97 points and had a total of 186 rebounds. Our defense was superb, limiting the opposition to only 26 points per game.

New school records set by the team were - most season rebounds Barb Franzeim (98) and most consecutive victories (8).

With a new league supplying new teams to play, and 3 returning starters, next year should again be successful.

We waved good-by to the PETS Club as they left on their journey to Amsterdam. On April 21, seven members boarded the plane at JFK, which started their 9-day adventure abroad. At Amsterdam, they saw canals, tulips and dikes. Mrs. Clarice Constant, Miss Dorothy McCarthy, Debbie Riel, Linda Houle, Judy Nolfo, Sallyann Jones and Sue Metcalf were the seven members that represented the PETS Club.

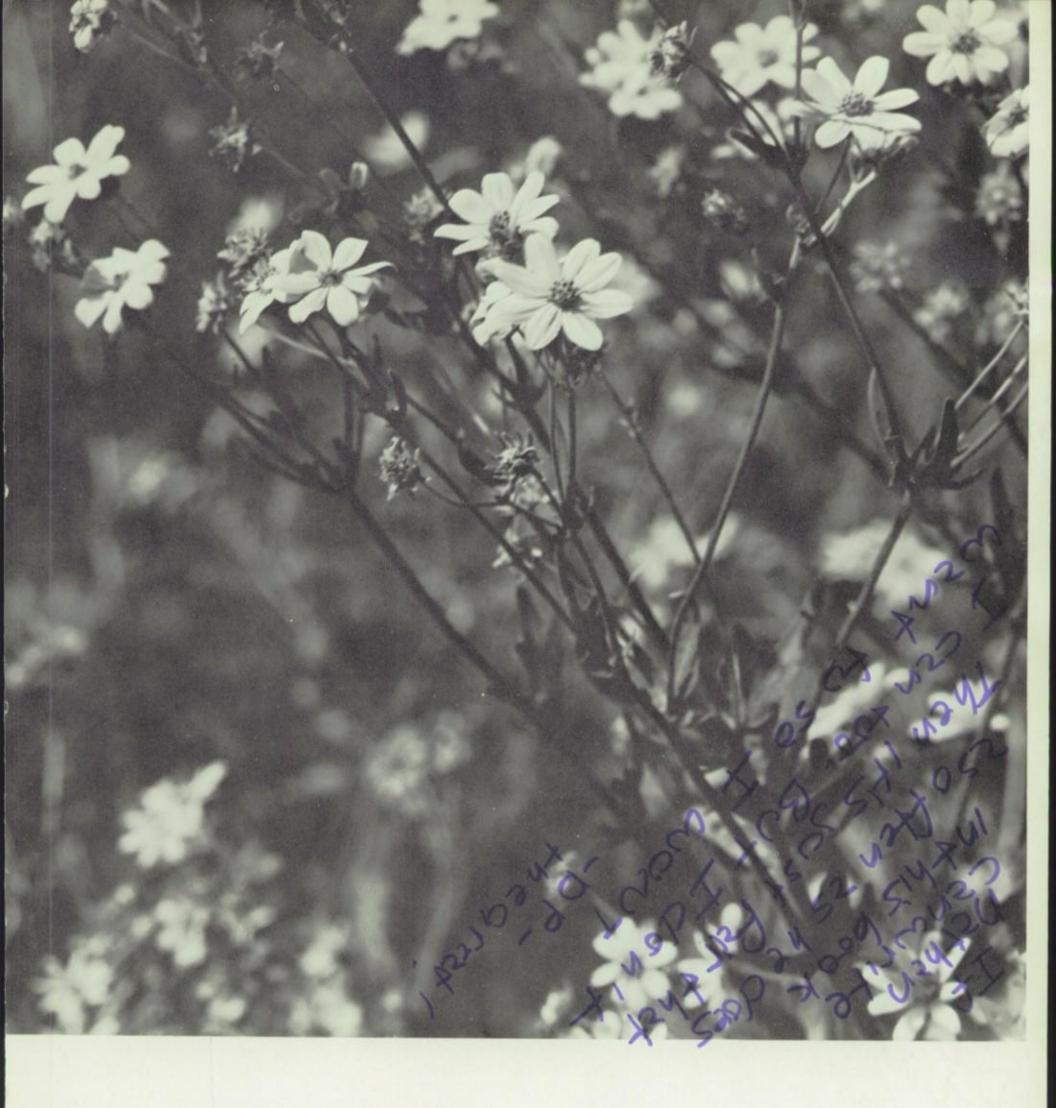

They returned April 28 with a trunk load full of wooden shoes! They enjoyed themselves and hoped that future PETS Clubs may make more journeys to all corners of the world.

### THE FRENCH CLUB

The French Club had a chance to see many exciting sites while in France. They left April 20 from Boston and arrived in Paris the following day. During their stay in Paris, they visited such sites as the Eiffel Tower, the Arch of Triumph, the Louvre, and Notre Dame Cathedral. The group also traveled to places outside of Paris; there they saw such sites as the shores of Normandy, Mont St. Michel, le Mans, the Renaissance castles, and Versaille.

The group included: Cindy Correll, Doug Robinson, Sue Lichty, Carl Hussey, Deanna St. Germain, Jim Riel, Mark Weldon, Scott Severance, Joann McClary, Sally DeCota, Judy Savage, Louise Brock and Maureen Bergeron. They were accompanied by Mr. and Mrs. Harold Foreman and Mrs. Marcelle deRepentigny.

They returned April 29 after their ten-day tour of France. Not only was the trip exciting but it proved to be an education for all.

## Girls' Tourney Action

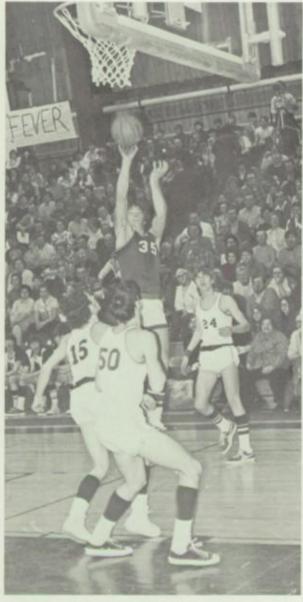

Our first appearance ever at the state tournament will not soon be forgotten. Four seniors, after waiting for three years, finally got to compete in post season play. After finishing in third place overall in classes M & S Pittsfield won an opening bye which automatically put them in the quarter-finals against Marlborough. Our first game was a victory by a score of 36-21. We found our opponent, in the semi-finals, to be arch rival Interlakes. After leading 19-12 at halftime, the girls found nothing going right for them in the second half, and came out the loser by a score of 45-25. Next year should be another tournament season with a new CHAMP - Pittsfield.

The Panthers outscored Newmarket 24-12 in the last period to come from behind and post a 65-54 victory in the opening round of the Class M tourney. Jeff Jones starred with 34 points and 21 rebounds. No. 1 Woodsville was next, however, and they ended the Panther season on a very sour note. J.J. was officially selected as the top player in the tourney and named to the All-Tourney Team. He scored 56 points in just two games and ran away with the honor. The team should be proud of their fine performance.
